

Many scientists – especially men – searched for the mystery of a woman's souls in vain. Many times even we, women don't know the answer. We don't know why we feel what we feel, what would help us to find the answers to the questions which come from the deepest end of our hearts.

What was God's intention when he created woman? What is his plan and dream for us? We will search for the answers to this kind of questions over this weekend. My hope and dream is to bring encouragement and refreshment into our relationship with God during this conference. The aim of the conference is to help us not only live our lives from one day to the next but to see our journey on earth with God's eyes.

If you would like to have a closer relationship with God, if you would like to understand more the mystery of your soul and if you would like to spend an amazing weekend in the company of other women, don't miss this opportunity!

We are looking forward to hosting you, on behalf of the Budapest church:

Virág Szabad
Budapest, Hungary
